

PLAYING THE C HUNGARIAN GYPSY SCALE ON THE GUITAR

- Step 1- 8 will provide you with instructions on how to play the C Hungarian gypsy scale the 1 octave. If you already have some experience in playing the guitar you may feel like completing steps 9 – 15, which will allow you to play the next highest octave. Even if you do not have much experience in playing the guitar you are still welcome to complete steps 9- 15!

1. Press your finger down onto the **A string on the 3rd fret (or C) and strum the A string.**
2. Press your finger down onto the **A string on the 5th fret (or D) and strum the A string.**
3. Press your finger down onto the **D string on the 1st fret (or Eb) and strum the D string.**
